Established in 2016, Ecofleet Cleaning Solutions Limited are a family company originally specialising in providing Fleet Operators with Eco-Friendly Vehicle Cleaning Products.

Our client base has now grown not only to Fleet Operators, but all sizes and types of companies seeking to improve the way they clean with Eco-friendly alternatives to traditional cleaning Chemicals and Accessories.

Many of the cleaning solutions in our range are manufactured at our facility in Ripley Derbyshire which is Central to the UK Motorway Network and, unlike our competitors, we promote a more cost effective and Eco-efficient route for our clients to buy Cleaning products.

### DIOMYX BULK WASHING & VALETING SOLUTIONS

Our DIOMYX Hyper Concentrate Pre-Mix Solutions are now recognised as one of the best quality, cost effective alternative Commercial Vehicle Cleaning ranges available on the market.

### DIOSAN-X ADVANCED SANITISING PRODUCTS

Our DIOSAN-X Range of Workplace Sanitising Products use some of the latest aspects in Chemical Engineering Technology to offer Hygienic surroundings. Cutting edge Biocides and also 70% Alcohol content products are produced to eliminate cross contamination of Germs & Bacteria.

### DIOMYX SCREENWASH MIXER / DISPENSER

Other unique products including our SCREENWASH MIXER DISPENSER which eliminates driver intervention and waste of Screenwash Mixing & Dispensing are produced in-house at our facility to ensure maximum quality assurance.

### DIOMYX SAFEBRUSH RANGE

Our unique DIOMYX SAFEBRUSH 100% Recycled Plastic Brushes are another example of competitively priced products that help our clients improve their Eco credentials without compromising on quality.

Our team have over 30 years experience in the Commercial Cleaning Supplies Industry and offer unbiased help and assistance as part of our service.

DIOMYX, DIOSAN-X & ECOFLEET Name & Logo are Registered Trade Marks owned by Ecofleet Cleaning Solutions Ltd

# ... ABOUT DIOMYX HYPER CONCENTRATE PRE-MIX

## THE ALTERNATIVE TO PRE-DILUTED VEHICLE CLEANING PRODUCTS

Our unique Hyper Concentrates enable clients to effectively blend their own products on-site by pouring the Hyper Pre-Mix solution into a 205 Litre Barrel or 1,000L IBC and filling with water to produce both a high quality Vehicle Wash and now Screenwash for commercial users.

DIOMYX Hyper Concentrates REDUCE the use of Plastic Containers (the user is re-using their existing 200 Litre Barrel or 1000 Litre IBC Container).

Pre-Diluted products are also, by the nature of their weight, very expensive to transport.

*"DIOMYX Hyper Concentrate reduced our annual Screenwash spend by half!"*

Meyer/Panelco Ltd, Stoke

- ✓ EASY TO USE AND HANDLE
- ✓ POSITIVE STOCK MANAGEMENT
- ✓ ELIMINATES STOCK DEPLETION
- ✓ REDUCED PACKAGING COSTS
- ✓ LOW / ZERO TRANSPORT COSTS
- ✓ SELF DILUTING NO MIXING REQUIRED

Some of the largest (and smallest!) Fleet Operators in the UK see the benefits of using DIOMYX Hyper Concentrates over traditional, bulk cleaning products.

*"Excellent products and first class service."*

DHL / NHS Supply Chain

**HYPER ADDITIVES**

# DIOSAN-X SANITISING SOLUTIONS

Ecofleet Solutions core business is the manufacture bulk vehicle products like Screenwash and Vehicle Washing Solutions. Companies who use our products on a daily basis include Highways England, Chubb Security, Crown Paints, PC World, etc..

Ecofleet produced vehicle cleaning and sanitising kits as far back as 2017 but with the COVID-19 pandemic, the demand for our Sanitising Products outweighed the need for traditional cleaning products so invested heavily in stock and equipment to produce the Sanitising Solutions and Kits on a large scale.

The World Health Organisation stated very early on that the only material to kill COVID-19 is Alcohol Liquid at a MINIMUM concentration rate of 65% however many world renowned Scientific Chemical organisations set to work to refine existing Chemicals (previously used to combat Influenza and HIV) for use against Covid-19.

## DIOSAN-X Biocide is one of those products...

For use on all washable hard surfaces, DIOSAN-X is the alternative to Alcohol based Bactericides and safe to use in confined spaces with below 1% Alcohol content.

Exclusively available from Ecofleet Cleaning Solutions, DIOSAN-X is available in 500ml Spray Bottles and 5 and 25 Litre Trade Bulk Containers.

### DIOSAN-X COCKPIT SANITISER SPRAY

70% Alcohol Sanitising Spray designed to act as a Virucide and Bactericide.

Deep cleaning action.

Kills Germs & Bacteria on contact.

Product / Sizes

COCKPIT SANITISING SPRAY

500ml / 5L / 25L

### DIOSAN-X FOOD-SAFE SANITISER SPRAY

Safe to use on surfaces including stainless steel, microwaves, fridges, freezers, canopies, tables etc.

Tested to EN 1276 Effective against MRSA, Listeria and E. Coli.

Product / Sizes

DIOMYX FOOD SAFE SANITISER

500ml / 5L / 25L

### DIOSAN-X INSTANT HAND GEL

Alcohol-based Sanitising Hand Gel designed to use on the hands to kill bacteria.

DIOMYX INSTANT HAND GEL SANITISER is a fast acting alternative to Soap & Water.

Product / Sizes

DIOMYX INSTANT HAND SANITISER GEL

300ml / 5L

Many of our potential clients are unsure how we operate so here is a list of frequently asked questions along with the relevant answer...

Q. Is there a minimum order?

A. NO! Unlike other companies we do not have a minimum order policy. You can order a single item.

Q. Are all your products available via Mail Order?

A. Yes... every item we sell is available via Mail Order in every corner of the United Kingdom.

Q. How do you deliver your products?

A. We use three methods... our own vehicle for direct deliveries, TNT Courier for small parcels and the third option for larger orders is UPN Pallet Network.

Q. What is the normal turnaround on orders?

A. Because we use NEXT DAY PRIORITY on both our TNT Courier and UPN Pallet service, our average turnaround is 3 to 4 days from date of receipt of order through to delivery.

Q. Is Carriage Free?

A. That depends on the size of the order... We offer Free Carriage on orders over £300.

Q. So how much is Carriage if it falls below the £300?

A. On average it is £5 for Courier and £30 for Pallet Service.

Q. Can I collect from your premises.

A. Yes. Orders can be collected from our Facility in Ripley Derbyshire. We have full commercial vehicle loading bay and Fork Lift loading facility.

Q. Do you have product descriptions and user guides?

A. Yes. All our products are clearly labelled with user instructions and also Health & Safety guidelines.

Q. Can you offer Material Safety Data Sheets (MSDS) Regulation Sheets for your products.

A. Yes. We supply MSDS on email request to Commercial clients.

Q. How can I pay for goods?

A. This is dependent on the facilities offered by our Authorised Dealers. If you are buying direct from us you can buy direct online via our Ecommerce Store with a Debit/Credit Card, via Paypal and via Bank Transfer or by Card over the Telephone.

Q. I want to pay by Bank Transfer...can you send a Pro-Forma Invoice?

A. Yes. Many of our commercial clients prefer to pay by this method. Simply forward to us your business details along with your order requirements and we will do the rest. You can pay the Invoice via Card over the phone or via Bank Transfer.

Q. Can I open a Trade Credit Account?

A. Yes. We offer 30 Day Trade Credit Accounts to qualifying businesses.

More information at [www.ecofleet-solutions.com](http://www.ecofleet-solutions.com) or contact your local ECOFLEET Authorised distributor detailed on the back page of this brochure.

# DIOMYX CLEAN & SANITISE KITS

Produced and packaged at our Derbyshire facility, ECOFLEET Cleaning & Hygiene Kits enable clients to choose from a range of high quality cleaning products for their individual needs.

ECOFLEET Sanitising Kits were being produced as far back as 2017 but the Covid-19 Pandemic saw a sharp increase in demand for ECOFLEET Kits.

Using 70% Alcohol and Advanced Chemical Biocidal Engineering in the Sanitising solutions, some of the UK's largest Fleet Operators now see ECOFLEET Sanitising Kits as essential tool depend on them to keep their drivers and staff safe from cross contamination.

Packaged in 500ml Bottles all combinations of our Valeting & Sanitising Products are available in handy Kit form.

# DIOMYX SafeBrush

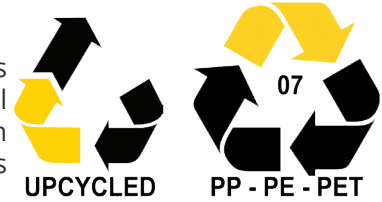

We have teamed up with one of Europe's most respected Brush Development Company to create a range of Eco-Friendly Brushes.

## DIOMYX SafeBrush

Manufactured using 100% Recycled Plastic Blocks and high quality long lasting, chemical resistant Bristles, **DIOMYX SAFE-BRUSH** are the highest specification Vehicle and Building Cleaning Brush Ranges available in the UK market.

**SAFEBRUSH** products include Vehicle and Building Maintenance Brushes and Poles and offer the highest quality brushes for long-lasting, economical in use for use on all types of Vehicles including Haulage, Bus & Coach, Rail, Airline, Car & Van and the high quality split-end bristles make the **SafeBrush** range safe to use on modern materials used in the manufacture of Caravans, Motorhomes and Leisure Vehicles.

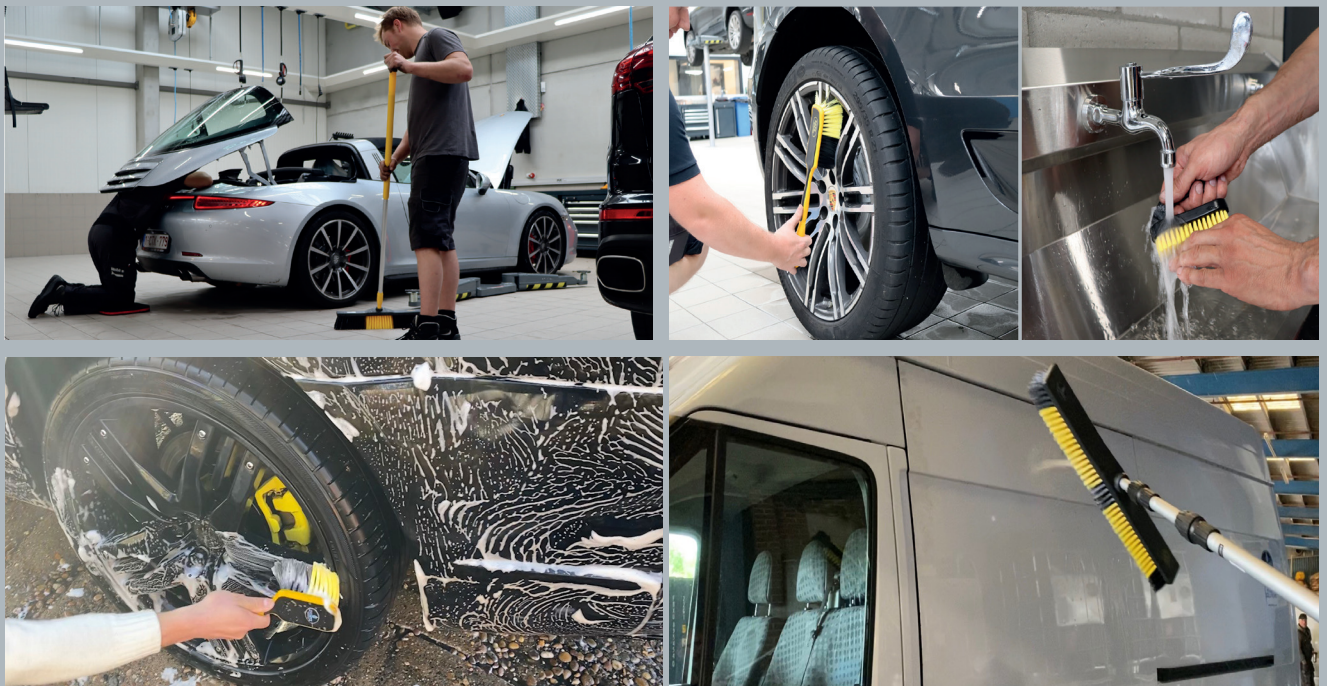

## QUALITY, VALUE, CHOICE

Unrivalled quality and economical in use and although primarily designed for the Fleet cleaning professional, the DIOMYX Brush range is now used by a wider client base. Clients include Carwash, Manufacturing / Industry, Shipping, Emergency services (fire brigade, police), Road Maintenance, Cleaning Companies, Agriculture, Construction, etc...

The widest range of Vehicle Cleaning Brush Heads, Hand Brushes, Wheel Brushes, Sweeping & Scrubbing Brushes and Specialist Task Brushes form part of the DIOMYX Brush range.

**For more information on the DIOMYX SafeBrush range, please visit [www.ecofleet-solutions.com](http://www.ecofleet-solutions.com)**

### THE LARGEST RANGE FOR THE WIDEST CHOICE...

DIOMYX SAFEBRUSH brushblock consists of the highest quality recycled material, derived from plastic that would have normally found its way to landfill. This is an important step towards the use of fewer new raw materials and contributes to the eco-circular economy.

**The number of recycled plastic bottles is indicated with a bottle for each product in this catalogue...**

The goal for the future is that we work towards 100% recycled materials for all products...

## ANATOMY OF A DIOMYX SAFEBRUSH
