DIOMYX CLEANING PRODUCT GUIDE

PRODUCT: 70% ALCOHOL COCKPIT SANITISER

DISPENSING METHOD: TRIGGER SPRAY

DESCRIPTION: Designed to be used on all hard surfaces as an ANTI-BACTERIAL SPRAY. Can be used on all hard surfaces to minimise the risk of cross-contamination.

DIRECTIONS: Spray onto Cloth and wipe the area to be treated. AVOID SPRAYING DIRECTLY ONTO THE SURFACE.

PRODUCT: DIOWAX 4in1 CLEAN & PROTECT (FORMERLEY 'ONE CLEAN')

DISPENSING METHOD: TRIGGER SPRAY

DESCRIPTION: Designed for use on all HARD SURFACES, 'DIOWAX' cleans and protects surfaces leaving a high quality professional finish. SPRAY, WIPE & BUFF FORMULA! Pleasant Fragrance doubles as an Air Freshener. Designed to be used AFTER using COCKPIT SANITISER.

DIRECTIONS: Spray directly onto the surface to be cleaned. Wipe with a Microfibre Cloth. Buff until dry. DO NOT USE ON VEHICLE WINDSCREEN EXTERIOR.

PRODUCT: 'VEDERE' GLASS CLEANER

DISPENSING METHOD: TRIGGER SPRAY

DESCRIPTION: High Quality Cleaner for use on Glass & Mirrors

DIRECTIONS: Spray directly onto the surface to be cleaned. Wipe until dry. HIGH ALCOHOL CONTENT. VENTILATION REQUIRED IF WORKING IN A CONFINED SPACE.

PRODUCT: 'HALO' DEEP CLEAN & DEGREASER

DISPENSING METHOD: VIA HALO RTU TRIGGER

DESCRIPTION: DIOMYX HALO CLEANER is a high quality Multi surface cleaner concentrate which can be used on all surfaces including painted surfaces, plastics and vinyls, carpets & fabrics.

DIRECTIONS: Mix to the HALO Concentrate in the HALO RTU Bottle to the desired dilution rate for the cleaning task. Spray directly onto the surface and wipe. ALWAYS TEST ON AN INCONSPICUOUS AREA PRIOR TO USING.

DIOMYX CLEANING PRODUCT GUIDE

PRODUCT: 'RITORNO' PLASTIC & RUBBER RESTORER

DISPENSING METHOD: FLIP TOP CAP

DESCRIPTION: DIOMYX RITORNO is a high quality fast and effective cleaner and restorer designed to be used on Plastics and Rubber materials. Safe to use Inside or Outside on Plastic Trims and Tyres etc.

DIRECTIONS: Pour directly onto a cloth. Wipe into the surface to be treated. Buff until dry. Repeat for higher shine if required.

PRODUCT: 'PRESTO' TAR & GLUE REMOVER

DISPENSING METHOD: FLIP TOP CAP

DESCRIPTION: Removes Tar spots from vehicle exterior. Removes Glue.

DIRECTIONS: Pour directly into a cloth and dab the surface to be cleaned. ONLY DESIGNED FOR EXTERIOR USE. ALWAYS WEAR HAND & EYE PROTECTION.

PRODUCT: NON ACID ALLOY WHEEL CLEANER

DISPENSING METHOD: TRIGGER SPRAY

DESCRIPTION: DIOMYX NON ACID ALLOY WHEEL CLEAN is a high quality NON ACID, ready to use Alloy Wheel Cleaner formula for deep cleaning coated alloy wheels. USE ONLY ON COATED METALS.

NOT FOR USE ON BARE METALS/ALLOYS.

DIRECTIONS: Pre-rinse the wheel with water. Spray directly onto the wheel. Agitate with a soft Wheel Brush if necessary. Rinse with plenty of clean water.

PRODUCT: LAVARE WASH & WAX

DISPENSING METHOD: SCREW TOP CAP

DESCRIPTION: Manual Hand Wash detergent for cleaning vehicle exteriors. With added wax for superior cleaning performans

DIRECTIONS: Pour 50ml of LAVARE into a bucket of CLEAN, WARM water. Pre-rinse the vehicle removing any heavy mud, dirt or contamination prior to washing. Using a SPONGE apply directly onto the vehicle from the roof downwards. For best results, dry with a Chamois Drying Leather and buff with a Microfibre Cloth. DESIGNED FOR VEHICLE EXTERIOR ONLY.
